

# NIT-K alumni association to hold two-day 14th global meet

**The Hindu Bureau**  
MANGALURU

The alumni association of the National Institute of Technology-Karnataka (NIT-K), Surathkal, will organise its 14th global alumni meet for two days in

NIT-K campus from December 23.

Various products developed by the alumni across the globe will be displayed during the event. It will include valves, material handling equipment, drone maintenance materials,

polyurethan rollers etc.

In the 'author's corridor'm more than 35 alumni will display books written by them. More than 600 alumni members, including from the U.S., Africa, UAE, Australia, and New Zealand, are expected

to attend. The dirt e-bike developed by the Centre for System Design (CSD) at the institute, which is meant for use during disaster management and rescue missions, will be unveiled on December 23.

The alumni will visit the

CSD, Central Research Facility, and the Biowaste Recycling Plant on the campus. Various cultural programmes will be held.

Director (additional charge) of the institute, Prasad Krishna, will preside over the inaugural ses-

sion. He is an alumnus of 1983 batch. Trilochan Sasstry, a professor at the Indian Institute of Management, Bengaluru, will be the guest for the inaugural session, said Kirtiraj Salian, global president of the association.
